REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION TO THE BOARD OF DIRECTORS OF AGTHIA GROUP PJSC

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Agthia Group PJSC (the “Company”) and its subsidiaries (together referred to as the “Group”) as at 31 March 2023 and the related interim condensed consolidated statements of profit or loss, comprehensive income, changes in equity and cash flows for the three-month period then ended. Management is responsible for the preparation and presentation of this interim financial information in accordance with International Accounting Standard (IAS) 34, “*Interim Financial Reporting*”. Our responsibility is to express a conclusion on this interim financial information based on our review.

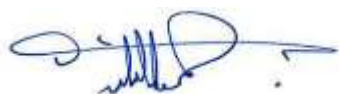

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, “*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*”. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information is not prepared, in all material respects in accordance with IAS 34, “*Interim Financial Reporting*”.

2 Application of new and revised International Financial Reporting Standards (“IFRSs”)

2.1 New and revised IFRSs applied with no material effect on the interim condensed consolidated financial statements

The following new and revised IFRSs, which became effective for annual periods beginning on or after 1 January 2023, have been adopted in these consolidated financial statements. The application of these revised IFRSs has not had any material impact on the amounts reported for the current and prior years but may affect the accounting for future transactions or arrangements.

IFRS 17 Insurance Contracts IFRS 17 establishes the principles for the recognition, measurement, presentation and disclosure of insurance contracts and supersedes IFRS 4 Insurance Contracts.

IFRS 17 outlines a general model, which is modified for insurance contracts with direct participation features, described as the variable fee approach.

The general model is simplified if certain criteria are met by measuring the liability for remaining coverage using the premium allocation approach. The general model uses current assumptions to estimate the amount, timing and uncertainty of future cash flows and it explicitly measures the cost of that uncertainty. It takes into account market interest rates and the impact of policyholders’ options and guarantees.

IFRS 17 Insurance Contracts (continued)

In June 2020, the IASB issued Amendments to IFRS 17 to address concerns and implementation challenges that were identified after IFRS 17 was published. The amendments defer the date of initial application of IFRS 17 (incorporating the amendments) to annual reporting periods beginning on or after 1 January 2023. At the same time, the IASB issued Extension of the Temporary Exemption from Applying IFRS 9 (Amendments to IFRS 4) that extends the fixed expiry date of the temporary exemption from applying IFRS 9 in IFRS 4 to annual reporting periods beginning on or after 1 January 2023.

In December 2021, the IASB issued Initial Application of IFRS 17 and IFRS 9—Comparative Information (Amendment to IFRS 17) to address implementation challenges that were identified after IFRS 17 was published. The amendment addresses challenges in the presentation of comparative information.

IFRS 17 must be applied retrospectively unless impracticable, in which case the modified retrospective approach or the fair value approach is applied.

For the purpose of the transition requirements, the date of initial application is the start of the annual reporting period in which the entity first applies the Standard, and the transition date is the beginning of the period immediately preceding the date of initial application.

Amendments to IAS 1 Presentation of Financial Statements: Classification of Liabilities as Current or Non-current

The amendments to IAS 1 published in January 2020 affect only the presentation of liabilities as current or noncurrent in the statement of financial position and not the amount or timing of recognition of any asset, liability, income or expenses, or the information disclosed about those items. The amendments clarify that the classification of liabilities as current or non-current is based on rights that are in existence at the end of the reporting period, specify that classification is unaffected by expectations about whether an entity will exercise its right to defer settlement of a liability, explain that rights are in existence if covenants are complied with at the end of the reporting period, and introduce a definition of ‘settlement’ to make clear that settlement refers to the transfer to the counterparty of cash, equity instruments, other assets or services. The amendments are applied retrospectively.

for the three-month period ended 31 March 2023 (continued)**

2 Application of new and revised International Financial Reporting Standards (IFRS) (continued)

2.1 New and revised IFRSs applied with no material effect on the consolidated financial statements (continued)

*Amendments to IAS 1 and IFRS
Practice Statement 2 – Disclosure
of accounting policies*

The amendments change the requirements in IAS 1 with regard to disclosure of accounting policies. The amendments replace all instances of the term ‘significant accounting policies’ with ‘material accounting policy information’. Accounting policy information is material if, when considered together with other information included in an entity’s financial statements, it can reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements. The supporting paragraphs in IAS 1 are also amended to clarify that accounting policy information that relates to immaterial transactions, other events or conditions is immaterial and need not be disclosed. Accounting policy information may be material because of the nature of the related transactions, other events or conditions, even if the amounts are immaterial. However, not all accounting policy information relating to material transactions, other events or conditions is itself material.

The IASB has also developed guidance and examples to explain and demonstrate the application of the ‘four-step materiality process’ described in IFRS Practice Statement 2.

*Amendments to IAS 8 – Definition
of Accounting Estimates*

The amendments replace the definition of a change in accounting estimates with a definition of accounting estimates. Under the new definition, accounting estimates are “monetary amounts in financial statements that are subject to measurement uncertainty”. The definition of a change in accounting estimates was deleted. However, the IASB retained the concept of changes in accounting estimates in the Standard with the following clarifications:

- A change in accounting estimate that results from new information or new developments is not the correction of an error
- The effects of a change in an input or a measurement technique used to develop an accounting estimate are changes in accounting estimates if they do not result from the correction of prior period errors

The IASB added two examples (Examples 4-5) to the Guidance on implementing IAS 8, which accompanies the Standard. The IASB has deleted one example (Example 3) as it could cause confusion in light of the amendments

**Notes to the interim condensed consolidated financial statements
for the three-month period ended 31 March 2023 (continued)**

2 Application of new and revised International Financial Reporting Standards (IFRS) (continued)

2.1 New and revised IFRSs applied with no material effect on the consolidated financial statements (continued)

Amendments to IAS 12 - Deferred Tax related to Assets and Liabilities arising from a Single Transaction The amendments introduce a further exception from the initial recognition exemption. Under the amendments, an entity does not apply the initial recognition exemption for transactions that give rise to equal taxable and deductible temporary differences.

Depending on the applicable tax law, equal taxable and deductible temporary differences may arise on initial recognition of an asset and liability in a transaction that is not a business combination and affects neither accounting nor taxable profit. For example, this may arise upon recognition of a lease liability and the corresponding right-of-use asset applying IFRS 16 at the commencement date of a lease.

Following the amendments to IAS 12, an entity is required to recognise the related deferred tax asset and liability, with the recognition of any deferred tax asset being subject to the recoverability criteria in IAS 12. The IASB also adds an illustrative example to IAS 12 that explains how the amendments are applied. The amendments apply to transactions that occur on or after the beginning of the earliest comparative period presented. In addition, at the beginning of the earliest comparative period an entity recognises:

- A deferred tax asset (to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised) and a deferred tax liability for all deductible and taxable temporary differences associated with:
 - Right-of-use assets and lease liabilities
 - Decommissioning, restoration and similar liabilities and the corresponding amounts recognised as part of the cost of the related asset
- The cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at that date

Extension of the Temporary Exemption from Applying IFRS 9 (Amendments to IFRS 4) The amendment changes the fixed expiry date for the temporary exemption in IFRS 4 *Insurance Contracts* from applying IFRS 9 *Financial Instruments*, so that entities would be required to apply IFRS 9 for annual periods beginning on or after 1 January 2023.

2.2 New and revised IFRS in issue but not yet effective

The Group has not yet applied the following new and revised IFRSs that have been issued but are not yet effective:

<u>New and revised IFRSs</u>	<u>Effective for annual periods beginning on or after</u>
<p><i>Amendments to IFRS 10 Consolidated Financial Statements and IAS 28 Investments in Associates and Joint Ventures: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture</i></p> <p>The amendments to IFRS 10 and IAS 28 deal with situations where there is a sale or contribution of assets between an investor and its associate or joint venture. Specifically, the amendments state that gains or losses resulting from the loss of control of a subsidiary that does not contain a business in a transaction with an associate or a joint venture that is accounted for using the equity method, are recognised in the parent's profit or loss only to the extent of the unrelated investors' interests in that associate or joint venture. Similarly, gains and losses resulting from the remeasurement of investments retained in any former subsidiary (that has become an associate or a joint venture that is accounted for using the equity method) to fair value are recognised in the former parent's profit or loss only to the extent of the unrelated investors' interests in the new associate or joint venture. The effective date of the amendments has yet to be set by the Board; however, earlier application of the amendments is permitted.</p>	<p>Effective date not yet decided</p>
<p><i>Lease Liability in a Sale and Leaseback (Amendments to IFRS 16)</i></p> <p>The amendment clarifies how a seller-lessee subsequently measures sale and leaseback transactions that satisfy the requirements in IFRS 15 to be accounted for as a sale.</p>	<p>1 January 2024</p>
<p><i>Non-current Liabilities with Covenants (Amendments to IAS 1)</i></p> <p>The amendment clarifies how conditions with which an entity must comply within twelve months after the reporting period affect the classification of a liability. Only covenants with which an entity is required to comply on or before the reporting date affect the classification of a liability as current or non-current. In addition, an entity has to disclose information in the notes that enables users of financial statements to understand the risk that non-current liabilities with covenants could become repayable within twelve months.</p> <p>Management anticipates that these new standards, interpretations and amendments will be adopted in the Group's consolidated financial statements as and when they are applicable and adoption of these new standards and amendments may have no material impact on the interim condensed consolidated financial statements of the Group in the period of initial application.</p> <p>There are no other applicable new standards and amendments to published standards or IFRIC interpretations that have been issued that would be expected to have a material impact on the interim condensed consolidated financial information of the Group.</p>	<p>1 January 2024</p>

**Notes to the interim condensed consolidated financial statements
for the three-month period ended 31 March 2023 (continued)****3 Basis of preparation**

These interim condensed consolidated financial statements have been prepared in accordance with International Accounting Standard (IAS) 34, "Interim Financial Reporting" and also comply with the applicable requirements of UAE laws and regulations.

These interim condensed consolidated financial statements are presented in UAE Dirhams (AED) since that is the currency in which the majority of the Group's transactions are denominated and all values are rounded to the nearest thousand (AED'000) except when otherwise indicated.

These interim condensed consolidated financial statements have been prepared on the historical cost basis, except otherwise stated.

These interim condensed consolidated financial statements do not include all the information required for full annual consolidated financial statements and should be read in conjunction with the Group's audited consolidated financial statements as at and for the year ended 31 December 2022. In addition, results for the three-months period ended 31 March 2023 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2023.

Cash and bank balances in the condensed consolidated statement of financial position	674,055	1,302,670	1,042,502

Fixed deposits are for a period not more than one year and not less than three months (2022: not more than one year and not less than three months). Interest is earned on these deposits at prevailing market rates, the carrying amounts of these assets approximate to their fair value.

Restricted cash represents amounts mainly set aside for payment of dividend distribution from 2009 to 2014. Equivalent amount has been recorded as liability in trade and other payables. Restricted cash balance has not been included in the cash and cash equivalents for the purpose of consolidated statement of cash flows.

Balances with banks are assessed to have low credit risk of default. Accordingly, management estimates the loss allowance on balances with banks at the end of the reporting period to an amount equal to 12 month ECL. None of the balances with banks at the end of the reporting period are past due, and taking into account the historical default experience and the current credit ratings of the bank, management anticipates that there is no impairment, and hence have not recorded any loss allowances on these balances.

**Notes to the interim condensed consolidated financial statements
for the three-month period ended 31 March 2023 (continued)****20 Segmental analysis**

The Group has two reportable segments, as described below. Reportable segments offer different products and services and are managed separately because they require different technology and operational marketing strategies. For each of the strategic business units, the Group's executive management reviews internal management reports on at least a quarterly basis.

The following summary describes the operations in each of the Group's reportable segment

Agri Business Division ("ABD")

- Flour and Animal Feed includes manufacturing and distribution of flour and animal feed.

Consumer Business Division ("CBD")

- Water and Food segment includes manufacturing, bottling, and distribution of drinking water, beverages, juices, dairy and trading products.
- Protein and Frozen Vegetables segment includes manufacturing, packaging, distribution and trading of tomato and chili paste, fruit concentrate, frozen vegetables and processed protein products.
- Snacks segment includes manufacturing, packaging, distribution of dates, sweets, baklava and bakery products.

Information regarding the results of each reportable segment is included below. Performance is measured based on segment profit, as included in the internal management reports data reviewed by the Group's executive management. Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries.

21 Seasonality of results

The Group's dates business, included in the Food segment under the Consumer Business Division, is subject to seasonality coinciding with the harvesting and collection season and hence tend to peak during the period from September to April in UAE and other key geographic areas.

Other than the above, for the three-month period ended 31 March 2023, no significant income of a seasonal nature was recorded in the interim condensed consolidated statement of profit or loss for the three-month period ended 31 March 2023 and 2022.

22 Contingent liabilities and commitments

	31 March 2023 (unaudited) AED'000	31 December 2022 (audited) AED'000
Bank guarantees	16,368	20,744
Letters of credit	37,854	45,476
Capital commitments	21,896	30,371

The above guarantees and letters of credits were issued in the normal course of business. These include deferred payment credit, performance bonds, tender bonds, deferred payment bills, inward bill and margin deposit guarantees.

23 Fair value of financial instruments

The Group does not have any financial instruments, except for the interest rate swap, being measured at fair value at each period / year presented of its interim condensed consolidated statement of financial position.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants as at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The fair value hierarchy levels have been defined as follows:

- **Level 1** – fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities.
- **Level 2** – fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).
- **Level 3** – fair value measurement are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

**Notes to the interim condensed consolidated financial statements
for the three-month period ended 31 March 2023 (continued)****23 Fair value of financial instruments (continued)**

During the period, there were no transfers between Level 1 and Level 2 fair value measurements, and no transfers into or out of Level 3 fair value measurements.

The Group's management considers that the fair values of its financial assets and financial liabilities that are not measured at fair value approximates to their carrying amounts as stated in the interim condensed consolidated statement of financial position.

24 Dividends

At the Annual General Meeting held on 17 April 2023, the shareholders' approved interim cash dividends of AED 65,305 thousand for the year ended 31 December 2022 which represents 8.25% of the issued share capital (at the Annual General Meeting held on 7 April 2022, the shareholders' approved interim cash dividends of AED 65,305 thousand for the year ended 31 December 2021 which represents 8.25% of the issued share capital).

25 Corporate Income Tax

On 9 December 2022, the UAE Ministry of Finance released the Federal Decree-Law No. 47 of 2022 on the Taxation of Corporations and Businesses (the Law) to enact a Federal corporate tax (CT) regime in the UAE. The CT regime will become effective for accounting periods beginning on or after 1 June 2023.

The Cabinet of Ministers Decision No. 116 of 2022 specifies the threshold of income over which the 9% tax rate would apply and accordingly, the Law is now considered to be substantively enacted. A rate of 9% will apply to taxable income exceeding AED 375,000, a rate of 0% will apply to taxable income not exceeding AED 375,000.

The Group is currently assessing the impact of these laws and regulations and will apply the requirements as further guidance is provided by the relevant tax authorities, which will be applicable for the Group for the financial year beginning 1 January 2024.
